

14/16

LIVE BOTTOM

SETTING THE STANDARD IN VERSATILITY AND EFFICIENCY.

With its walking conveyor belt floor, this trailer simplifies the loading and unloading of materials, saving you time and effort. The unique ability to kneel and tilt adapts to various working situations, ensuring optimal functionality in any environment.

Equipped with a winching headboard capable of pulling up to 7,500 lbs, this trailer eliminates the need for extra equipment, making your job easier. Additionally, the optional side discharge unit, conveniently stored under the trailer, can be easily installed when needed.

With wireless remote control operation, you have complete control at your fingertips. Experience the unmatched convenience and productivity of the 14/16 Live Bottom trailer model.

ADVANCED NIMBLE TRAILER SYSTEM
